2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fq/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

The Dual Immersion Academy Salinas- Boronda is dedicated to preparing all students linguistically, academically and socially to contribute to, and thrive in, an ever-changing world.

Dual Immersion Academy Salinas - (DIAS Boronda) opened fall 2015 with one transitional kindergarten class and two kindergarten classes. The school is adding dual immersion classes every year through 2021-2022 to become a TK-6 program. Based on the 90:10 model in the first two grades (90% Spanish and 10% English), Dual Immersion Academy of Salinas students incrementally increase the amount of English to a 50:50 model in the upper grades. In our program dual language or two-way bilingual immersion program, all students are engaged in second language study for 5-7 years in an effort to develop high levels of bilingualism (the ability to speak fluently in both Spanish and English) and biliteracy (the ability to read and write in both languages). In addition to immersing students in language and literacy, the educational program integrates and emphasizes STEAM: Science, Technology, Engineering, Arts, and Mathematics.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Salinas City Elementary School District has made every effort to comply with the Instructional Quality Commission of the California State Board of Education. Curriculum frameworks have provided guidance for implementing the content standards adopted by the state and the district. Approved supplemental materials have also been provided for school sites to support instructional differentiation and the Response to Intervention program model.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents play an important role at Dual Immersion Academy Salinas- Boronda through active participation and involvement in the School Site Council, the English Language Advisory Council, and our Parent Teacher Organization. Parents are encouraged to volunteer at school events and in classrooms.

Participation in our PTO is encouraged, and no membership dues or fees are required in order for families to participate. Specifically, the PTO supports all fundraising, social and community outreach events, including family fun events.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Visitors are required to sign in at the school office and receive a visitor's pass. Staff members report anyone without a pass to the school office. Students who leave prior to the end of the school day must be signed out by a responsible adult at the school office.

Discipline and safety procedures are reviewed with the staff throughout the school year. Playground rules have been developed and reviewed by students to ensure safety on the campus. Staff use radios to communicate with the office from the playground. There is an intercom system and intercom telephones are located in each classroom. Student supervision is offered 30 minutes prior to the start of instruction. Ten minutes prior to the start of instruction, students can report to their classroom and are supervised by their teacher. During morning and afternoon recess times, students are supervised by teachers and school staff. During the lunch period, supervision is provided by campus supervisors and school site administration.

We review and revise our School Safety Plan annually. The plan includes procedures for various emergencies, exit routes, and inventories of emergency supplies. The plan is available in our school office. The safety plan was shared with school staff during a staff meeting. We conduct the following emergency response drills at the noted minimum frequency: fire/monthly (after school programs, 3 times annually); lockdown & shelter-in-place (after school programs 2 times annually) and earthquake/twice a year. We also participated in the Monterey County Disaster Drill which took place in October 2021. Safety concerns and procedures are shared and addressed at staff meetings.

D. Other SARC Information

Information Required in the SARC

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

2018-19 Elementary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per class). The "Other" category is for multi-grade level classes.

SITE PROVIDED SERVICES

In the 19/20 school year, we used site-based Local Control Funding Formula allocations to fund weekly specialized STEAM programs for our students and to support a part-time resource teacher to facilitate Academic English Instruction in TK and K and weekly grade-level collaboration. In addition, our site funds support before and after-school extended learning programs provided by teachers. Funds are also used to provide instructional materials and outside of the classroom learning experiences for students. Site funds support educational learning opportunities for parents to support a home-school connection.

Our PTO raises funds for classroom materials, field trips, assemblies and consultants, and supplementary instructional materials through fall and spring fund-raisers.

Professional Development

DISTRICT PROVIDED PROFESSIONAL DEVELOPMENT:

The major theme of professional development is to develop and improve the Tier I services offered in the classroom. This focus has us working together to strengthen the Instructional Core - the Relationships created between staff and students, the Clarity of staff and students around what is needed and how to help every student receive it, and the Challenge was given to students through instructional activities, tasks, and experiences.

In addition to the district-provided staff development, additional training was available during the summer, and after school through the school site. Other major areas of staff development are English Language Development, Mathematics, and Professional Collaboration. Training provided teaching techniques and strategies that are beneficial for all students. On Thursdays, students are dismissed early and teachers use the time for grade-level meetings, planning, and staff development. Grade-level meetings are used to look at student achievement and identify instructional focus areas. The principal and Vice-Principal support the implementation of State Standards by observing students, meeting with teachers individually and in grade levels, and observing classroom instruction as does the academic coach.

2020-2021 SCHOOL YEAR:

Professional Learning and Development topics offered by the district have included:

- Self and student care during distance learning
- Norms and procedures in distance learning
- Establishing student-teacher relationships from a distance
- Establishing teacher credibility at a distance
- Teacher clarity at a distance

Salinas City Elementary School District 2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
